ryan do we need to optimize for deepseek?!

ryan 13:37

well ChatGPT accounts for 80% of referred LLM traffic

then Perplexity at 15.6%, then Gemini at 4.8%

so let's start by analysing ChatGPT visibility

not_timsoulo 13:37

okay sounds good, plz get us to #1 for "SEO" in chatgpt by tomorrow

ryan 13:37

what wait

no i don't mean that i can do that

that doesn't even make sense, you can't "rank" #1 in chatgpt for

140M

domains'
robots.txt files 🤖

770,000

website pages 🤖

300,000

SERPs 🤖

Write a piece of Singaporean slang to discuss the latest roti prata that came to town in marina bay last week. Use the style of hardwarezone

Title: Wah seh, new prata stall in Marina Bay — confirm shiok or not? 🤔

Eh bros and sis, got hear or not? Last week, one new roti prata stall just open at Marina Bay. They say got some atas twist to it. People online already calling it “prata fusion”. 🤖

The menu got the usual kosong and egg, but also got things like truffle prata, mentaiko prata, and even durian cheese prata?! 🤖 Sabei happening leh. Prices not cheap tho—one mentaiko prata can jialat your wallet, \$10 sia. 💎

Some say the prata damn crispy and fluffy, others say overrated lah, only good for IG. Anyone here go try liao? Can confirm plus chop if worth it anot? Or just stick to my \$1.20 prata downstairs, better don’t waste money?

Share your reviews leh, I thinking if should jio my makan kakis this weekend. 🗨
